Dear Friends and Colleagues:

On behalf of Prevent Child Abuse America, I want to thank you for your interest in promoting April as Child Abuse Prevention Month. We are happy to provide you with materials designed to enable you to share the prevention message with your community.

For nearly thirty years, our organization (formerly the National Committee to Prevent Child Abuse) has sought to prevent child abuse and neglect by raising awareness, developing educational materials and programs, research, and building community-based efforts in support of families.

This year's effort -- *Teaming Up to Keep Kids ... SAFE AT HOME™* -- captures the spirit of community teamwork that we believe is essential to the prevention of child abuse and neglect. It also conveys our commitment to the protection of children.

The enclosed packet contains many different materials and ideas for reaching out to the organizations, agencies and individuals in your community to raise public awareness about the prevention of child abuse and neglect. We hope you'll share this packet with as many people in your community as possible.

Thank you for your willingness to be a partner in these efforts to prevent child abuse and neglect. With your help, we can look forward to the day when all children will truly be SAFE AT HOME.

Sincerely,

A. Sidney Johnson III  
President
