"This is a happy family."

Dear Friends and Colleagues,

Taking April, **Child Abuse Prevention Month**, as your point of departure, we encourage you to use these materials year-round as part of your continued efforts to prevent child abuse and neglect.

Designed for a general audience, this booklet tells what to do if abuse is known or suspected, and increases readers' ability to detect abuse by describing the forms, causes, risk factors, effects and signs of abuse. With pages perforated to aid reproduction, and a pocket for the insertion of your own materials, we hope you'll share this booklet with as many people in your community as possible. And so, as always, good luck with your prevention efforts!

Sincerely,

A. Sidney Johnson III
President & CEO
